Why choose Isotonix Maximum ORAC?

ORAC refers to Oxygen Radical Absorption Capacity, which is a method for measuring the antioxidant capacities of different foods and how many oxygen radicals a substance can absorb. The use of vitamin E and vitamin C in ORAC supplements contributes to an antioxidant network which offers far more protection than the use of a single agent alone. Antioxidants are natural cell protectors, neutralizing free radicals by pairing an electron to the outermost shell of radical oxygen molecules, rendering them harmless. Antioxidants are nutrients such as vitamins, minerals and enzymes that are capable of counteracting the effects of the physiological process of oxidation in bodily tissues. Antioxidants such as vitamins A, C and E, stabilize free radicals or cause them to decay into harmless atomic structures.

Isotonix Maximum ORAC is an isotonic-capable supplement composed of a powerful blend of blueberries, raspberries, cranberries, elderberries, pomegranate, plum, vitamins C and E. Isotonix Maximum ORAC is intended to be used for its specially selected antioxidant properties. However, it also helps in the development and maintenance of bones, cartilage, teeth and gums, in connective tissue formation and wound healing, and is a factor in the maintenance of good health.

The Isotonix Advantage!

Isotonix dietary supplements are delivered in an isotonic solution. This means that the body has less work to do in obtaining maximum absorption. Isotonic products allow nutrients to pass directly into the small intestine and be rapidly absorbed into the bloodstream. With Isotonix, little nutritive value is lost, making the absorption of nutrients highly efficient while delivering maximum results.

Isotonix products also offer the fastest and most efficient delivery system of all nutraceutical supplements and are formulated using only the most advanced and scientifically proven ingredients. Isotonix products are completely free of binders and fillers common in traditional tablet and capsule products so you know that you are getting only the quality ingredients you expect.
